TO THE HONORABLE ROBERT E. GERBER,
UNITED STATES BANKRUPTCY JUDGE:

Motors Liquidation Company (f/k/a General Motors Corporation) (“**GM**”) and its affiliated debtors, as debtors in possession (collectively, the “**Debtors**”), submit this application (the “**Application**”) for authority to employ and retain The Claro Group, LLC (“**Claro Group**”) as consultants assisting the Debtors in connection with the determination of the costs of the Debtors’ actual or potential environmental liabilities, *nunc pro tunc* to June 1, 2009 (the “**Commencement Date**”), the date on which the Debtors’ chapter 11 cases were filed, pursuant to sections 327(a) and 328(a) of title 11, United States Code (the “**Bankruptcy Code**”) and Rule 2014(a) of the Federal Rules of Bankruptcy Procedure (the “**Bankruptcy Rules**”) and respectfully represent:

Relief Requested

1. By this Application, the Debtors seek entry of an order pursuant to sections 327(a) and 328(a) of the Bankruptcy Code, Rule 2014 of the Bankruptcy Rules, and Rule 2014-1 of the Local Bankruptcy Rules for the Southern District of New York (the “**Local Rules**”), authorizing the retention and employment of Claro Group as an environmental management and consulting services provider in connection with these chapter 11 cases, effective *nunc pro tunc* to the Commencement Date, to assist the Debtors in determining the costs of actual or potential environmental liabilities arising from the Debtors’ prepetition, historic operations, all as more fully described in the Affidavit of Douglas H. Deems, the General Counsel and a Managing Director of Claro Group, sworn to July 21, 2009, annexed hereto as Exhibit “A” (the “**Deems Affidavit**”) and in accordance with the terms and conditions set forth in the agreement between the Debtors and Claro Group dated and effective as of June 10, 2009

(the “**Engagement Letter**”), the form of which annexed hereto as Exhibit “B”. *Nunc pro tunc* retention is appropriate because (i) this Application was filed shortly after the Commencement Date, (ii) Claro Group will commence providing services to the Debtors after the Commencement Date, and (iii) a final hearing on this Application will not be conducted, and a final order will not be entered, until after the Commencement Date.

2. Section 327(a) provides, in relevant part, that the Debtors “with the court’s approval, may employ. . . professional persons, that do not hold or represent an interest adverse to the estate, and that are disinterested persons, to represent or assist” the Debtor in carrying out its duties under the Bankruptcy Code. 11 U.S.C. § 327(a). Section 328(a) of the Bankruptcy Code provides, in relevant part, that a debtor “with the court’s approval, may employ or authorize the employment of a professional person under section 327. . . on any reasonable terms and conditions of employment, including on a retainer, on an hourly basis, on a fixed or percentage fee basis, or on a contingent fee basis.” *Id.* § 328(a).

Jurisdiction

3. This Court has jurisdiction to consider this Application pursuant to 28 U.S.C. §§ 157 and 1334. This is a core proceeding pursuant to 28 U.S.C. § 157(b). Venue is proper before this Court pursuant to 28 U.S.C. §§ 1408 and 1409.

Scope of Services

4. Pursuant to the Engagement Letter, Claro Group has agreed to provide to the Debtors the following services (collectively, the “**Services**”):¹

¹ The following is only a summary of the services set forth in the Engagement Letter and should not be construed to modify or amend such letter. The actual terms of the Engagement Letter govern the scope of services to be provided to the Debtors by Claro Group.

- (a) Review the Debtors' existing remedial/environmental and real estate site files, including but not limited to engineering reports, remedial action plans, agency correspondence, financial accounting reserve, site location information, tax records and regulatory financial assurance information and other such information;
- (b) Evaluate existing regulatory actions associated with the Debtors' sites;
- (c) Assist in the development of potential future costs at site and portfolio levels using appropriate methodologies, including but not limited to probabilistic and deterministic estimating techniques;
- (d) Assist in the review of potential future site use and incorporate into site closure cost estimates as appropriate;
- (e) Report to the Debtors verbally from time to time, and at the Debtors' direction, on the progress of the work and preliminary findings;
- (f) Prepare a final written report on such forms as directed by the Debtors, if requested by the Debtors; and
- (g) Perform such other services as requested by the Debtors from time to time in furtherance of assisting the Debtors in determining the costs of actual or potential environmental liabilities arising from the Debtors' sites.

In performing the Services, the Claro Group will expend approximately 550 hours.

5. Claro Group is a privately owned, financial and management consulting firm. The Debtors believe that Claro Group possesses extensive environmental management and consulting expertise useful in these cases and that Claro Group is well-qualified to perform the Services for the Debtors.

6. Furthermore, Claro Group has indicated a desire and willingness to act in these chapter 11 cases and render the necessary Services for the Debtors, on the terms set forth in the Engagement Letter and described herein, and to subject itself to the jurisdiction of this Court.

7. Therefore, the Debtors submit that the retention of Claro Group on the terms and conditions set forth herein is necessary and appropriate, is in the best interests of their estates, creditors, and all other parties in interest, and should be granted in all respects.

Claro Group's Disinterestedness

8. To the best of the Debtors' knowledge, information and belief, neither Claro Group nor any professional employee of Claro Group has any connection with or any interest adverse to the Debtors, their creditors, or any other party in interest, or their respective attorneys and accountants, except as may be set forth in the Deems Affidavit.

9. Claro Group has informed the Debtors that as of July 14, 2009, the Debtors owe Claro Group approximately \$174,000.00 for services rendered postpetition. The Debtors do not owe Claro Group any prepetition amounts.

10. Based upon the Deems Affidavit, the Debtors submit that Claro Group is a "disinterested person," as that term is defined in section 101(14) of the Bankruptcy Code, as modified by section 1107(b) of the Bankruptcy Code. The Debtors have been informed that Claro Group will conduct an ongoing review of its files to ensure that no disqualifying circumstances arise, and if any new relevant facts or relationships are discovered, Claro Group will supplement its disclosure to the Court.

Professional Compensation

11. Pursuant to section 328(a) of the Bankruptcy Code, the Debtors may retain Claro Group on reasonable terms and conditions. Section 328 of the Bankruptcy Code provides, in relevant part, that a debtor "with the court's approval, may employ or authorize the employment of a professional person under section 327. . . on any reasonable terms and

conditions of employment, including on a retainer, on an hourly basis, on a fixed or percentage fee basis, or on a contingent fee basis.” 11 U.S.C. § 328(a).

12. As recognized by numerous courts, Congress intended section 328(a) to enable debtors to retain professionals pursuant to specific fee arrangements to be determined at the time of the court’s approval of the retention, subject to reversal only if the terms are found to be improvident in light of “developments not capable of being anticipated at the time of the fixing of such terms and conditions.” 11 U.S.C. § 328(a); *see also Donaldson, Lufkin & Jenrette Sec. Corp. v. Nat’l Gypsum Co. (In re Nat’l Gypsum Co.)*, 123 F.3d 861, 862-63 (5th Cir. 1997) (“If the most competent professionals are to be available for complicated capital restructuring and the development of successful corporate reorganization, they must know what they will receive for their expertise and commitment.”).

13. Accordingly, section 328 permits the compensation of professionals, including environmental management and consulting services providers, on terms that reflect the nature of their services and market conditions. The Debtors negotiated the terms of the Engagement Letter, which reflect commercially reasonable compensation and employment agreements. Thus, the Debtors request approval of the Engagement Letter, including the fee and expense structure (the “**Fee Structure**”) and the reimbursement provisions pursuant to section 328(a) of the Bankruptcy Code.

14. Subject to Court approval, the Debtors will compensate Claro Group in accordance with the terms and conditions of the Engagement Letter. Pursuant to the Engagement Letter, Claro Group intends to charge the Debtors for Services rendered in these chapter 11 cases, based on its hourly rate for such Services, which currently is as follows:

Professional	Hourly
--------------	--------

	Compensation
Managing Director	\$400 - \$500
Principal	\$330 - \$395
Senior Manager	\$275 - \$320

Claro Group's hourly rates are revised periodically in the ordinary course of its business. The Debtors understand that, if a rate change is effective during the course of Claro Group's engagement with the Debtors, Claro Group will advise the Debtors of such new rates.

15. In addition to the rates set forth above, the Debtors shall reimburse Claro Group for any direct expenses incurred in connection with Claro Group's retention in these chapter 11 cases and the performance of the Services set forth in the Engagement Letter. Claro Group's direct expenses shall include, but not be limited to, reasonable and customary out-of-pocket expenses for items such as travel, meals, accommodations, and other expenses specifically related to this engagement (including any fees or reasonable expenses of Claro Group's legal counsel, but not any such legal fees or expenses related to Claro Group's efforts to be retained or to Claro Group's fee applications in these chapter 11 cases).

16. The compensation arrangement provided for in the Engagement Letter is consistent with and typical of arrangements entered into by Claro Group and other environmental management and consulting firms with respect to rendering comparable services for clients similar to the Debtors, both in and outside of bankruptcy.

17. Considering the Services that Claro Group will provide and the market prices for Claro Group's services, the Debtors submit that the Fee Structure (including reasonable reimbursements) is reasonable under the standards set forth in section 328(a) of the Bankruptcy Code and fulfill the requirements of Rule 2014-1 of the Local Rules.

18. Claro Group has not shared or agreed to share any of its compensation in connection with this matter with any other person, as permitted by section 504 of the Bankruptcy Code.

Fee Applications

19. Claro Group will file interim and final fee applications for allowance of its compensation and expenses, with respect to its Services, and Claro Group will seek compensation and reimbursement of expenses, as specified in the Engagement Letter, with the payment of such fees and expenses to be approved in accordance with the procedures set forth in sections 330 and 331 of the Bankruptcy Code, applicable Bankruptcy Rules, Local Rules and orders of the Court, guidelines established by the U.S. Trustee, and such other procedures as may be fixed by order of this Court.

Insurance Coverage

20. As stated in paragraph 13 of the Engagement Letter, Claro Group has agreed to maintain insurance coverage during the term of work in amounts not less than the following:

- (a) Worker's Compensation – Statutory Limits for the state or states in which the work is to be performed (or evidence of authority to self-insure);
- (b) Employer's Liability – \$250,000 Each Accident; \$250,000 Disease – Policy Limit; \$250,000 Disease – Each Employee;
- (c) Comprehensive General Liability (including Commercial General Liability "Claims Made" basis) – \$5,000,000 General Aggregate; \$5,000,000 Products – Completed Operations Aggregate; \$5,000,000 Personal and Advertising Injury; \$5,000,000 Each Occurrence;
- (d) Automobile Liability – \$5,000,000 combined single limit (bodily injury and property damage), and must include coverage for all owned, hired and non-owned vehicles;

- (e) In the event the work involves professional engineering services, engineering design services, field inspection services, land survey work, construction management, environmental consulting or remedial investigation services, Consultant agrees to provide Professional Liability Insurance – \$2,000,000 Annual Aggregate plus any applicable deductibles disclosed prior to execution of this Agreement. In addition, Consultant must maintain or demonstrate insurance for Consultant's or Subcontractor's tools, equipment, field offices, materials and other property located at a Project Site;
- (f) In the event the work involves construction or remedial construction, equipment installation or demolition activities, Consultant agrees to provide Contractor Pollution Liability (endorsed to provide coverage for all the work performed by or on behalf of GM) – \$2,000,000 Per Occurrence, \$5,000,000 Annual Aggregate. Said policy will not be limited or nullified due to the fact that a particular Project Site may be a "Superfund" Site subject to the Comprehensive Environmental Response, Compensation and Liability Act. In addition, Consultant must maintain or demonstrate insurance for Consultant's or Subcontractor's tools, equipment, tarpaulins, field offices or construction buildings, employees' tools and clothing, materials and other property which will not become a part of the permanent construction or be consumed on the Project Site; and
- (g) In the event the work involves the treatment, storage or disposal of hazardous waste and/or non-hazardous waste, Consultant agrees to provide Pollution Legal Liability Insurance – \$1,000,000 per occurrence, \$2,000,000 annual aggregate. Owners and Operators of surface impoundment, landfill or land treatment facilities must additionally maintain liability coverage for gradual (non-sudden) pollution incidents of at least \$3,000,000 per occurrence, \$6,000,000 annual aggregate. Policies combining coverage for both sudden and accidental and gradual occurrences must be at least \$4,000,000 per occurrence (\$1,000,000 sudden and \$3,000,000 non-sudden), \$8,000,000 annual aggregate (\$2,000,000 sudden and \$6,000,000 annual aggregate).

Claro Group also has agreed to name GM as an additional insured under all Claro Group policies required in paragraph 13 of the Engagement Letter except insurance for Workers Compensation and Professional Liability.

21. The Debtors have agreed, pursuant to paragraph 13 of the Engagement Letter, to maintain property insurance to cover the material and other property delivered to project sites, which are to become a part of the permanent construction or are to be consumed on the sites in the process of completing the Services.

Indemnification

22. In addition, Claro Group has agreed to the following language, as stated in Paragraph 11 of the Engagement Letter:

Consultant agrees to indemnify, hold harmless and defend GM, their respective employees, agents, and representatives, from and against any and all losses, damages, expenses, claims, suits and injuries, including death, to any property or persons to the extent caused by or arising out of any intentional acts or omissions in connection with the performance of services under this Agreement by Claro Group, their employees, agents, successors, assigns and representatives.

Consultant hereby agrees to indemnify GM for any taxes, payments or penalties assessed on GM, and expenses incurred in connection therewith, by a state or federal taxing authority for any failure to properly withhold and remit necessary payroll taxes to such authorities with respect to self-employment of Consultant personnel, their employees, or the employment of others. Consultant agrees to comply with all requirements of the Federal Wage and Hour Act regarding hours, rates, etc., and will be held responsible for compliance.

Should GM be joined as a party in any action or proceeding arising out of the violation, or an alleged violation, of the Federal Wage and Hour Law as a result of Consultant's, or any Subcontractor(s) of Consultant performance under this

Agreement, then Consultant and/or the Subcontractor violating, or alleged to have violated such law, or using or introducing goods manufactured or alleged to have been manufactured in violation of the law, will defend and hold harmless GM in any such action or proceeding and pay and defray any damage, expense and cost of any description by reason thereof, including reasonable attorneys fees.

Consultant specifically agrees that each of its employees and its Subcontractor(s) possess the experience, knowledge and character necessary to qualify them individually for the particular duties they perform and further, it is understood that GM is relying on the expertise of Consultant and its Subcontractor(s) to perform the services described in Consultant's proposal and/or bid.

Consultant represents to GM that it understands and accepts the currently known hazards and risks which are presented to human beings, property and the environment in the performance of the services and work hereunder. Consultant represents and warrants that, in performing the work or services, its employees may be working with, or be exposed to, substances or conditions which are toxic or otherwise hazardous. Consultant acknowledges that GM has engaged Consultant on the basis of its representations concerning its experience in working on similar conditions affecting the project site, and that GM is relying on Consultant to identify and evaluate the potential risks in performing work or services hereunder and to take all appropriate precautions to avoid such risks to its employees and others. Consultant agrees to assume full responsibility for ascertaining the existence of such risks, evaluating their significance, implementing appropriate safety precautions, and making the decision on how (and whether) to carry out the work or services with due regard to such risks and necessary safety precautions.

23. Pursuant to Paragraph 11 of the Engagement Letter, the Debtors also have agreed to the following language:

GM agrees to indemnify, save harmless and defend Consultant and its subconsultants, directors, partners, principals and employees from and against any and all liabilities, losses, claims, damages, suits, actions, judgments, costs, charges, legal fees and other expenses of

whatsoever nature or character arising out of or related to the Scope of Work or any use by GM of a deliverable item to be provided by Consultant hereunder, except any of the same arising out of Consultant's gross negligence or willful misconduct, and GM will reimburse Consultant for all reasonable documented expenses incurred by Consultant in connection with any such action or claim.

Under no circumstances shall Consultant be liable for any loss or damage resulting from loss of use, loss of profits or revenues, loss of business opportunity, cost of capital, loss of goodwill, claims of customers, cost of purchased or replacement products, additional production expenses or like items of loss or damage.

The maximum liability of Consultant and its subconsultants to GM relating to the Scope of Work rendered under this Agreement (regardless of the form of action, whether sounding in contract, tort or otherwise) shall be limited to the total compensation received and retained by Consultant, or the limits of Consultant's insurance coverage, whichever is greater.

24. The indemnification provisions in Paragraph 11 of the Engagement Letter survive the cancellation or termination of the Engagement Letter.

25. Notice of this Motion has been provided to (i) the Office of the United States Trustee for the Southern District of New York, (ii) the attorneys for the United States Department of the Treasury, (iii) the attorneys for Export Development Canada, (iv) the attorneys for the Creditors' Committee, (v) the attorneys for the ad hoc bondholders committee, (vi) the U.S. Attorney's Office, S.D.N.Y., (vii) all entities that requested notice in these chapter 11 cases under Fed. R. Bankr. P. 2002, and (viii) Claro Group. The Debtors submit that, in view of the facts and circumstances, such notice is sufficient and no other or further notice need be provided.

26. No previous request for the relief sought herein has been made by the Debtors to this or any other Court.

Douglas H. Deems, being duly sworn, deposes and says:

1. I am the General Counsel and a Managing Director of The Claro Group, LLC ("**Claro Group**"),¹ a privately owned, financial and management consulting firm, which

¹ Capitalized terms used but not defined herein shall have the meanings ascribed to them in the Application.

maintains its corporate headquarters at 70 W. Madison Street, Suite 4800, Chicago, Illinois 60602.

2. I submit this affidavit (the “**Deems Affidavit**”) in support of the application dated July 21, 2009 (the “**Application**”) of Motors Liquidation Company (f/k/a General Motors Corporation) (“**GM**”) and its affiliated debtors, as debtors in possession in the above-captioned chapter 11 cases (collectively, the “**Debtors**”), for authorization to employ and retain Claro Group as consultants to assist the Debtors in connection with the determination of the costs of the Debtors’ actual or potential environmental liabilities, *nunc pro tunc* to June 1, 2009 (the “**Commencement Date**”), pursuant to the terms and conditions set forth in the engagement letter entered into by Claro Group and the Debtors dated June 10, 2009 (the “**Engagement Letter**”). Unless otherwise stated in this Deems Affidavit, I have personal knowledge of the facts set forth herein.

Claro Group’s Qualifications

3. Claro Group is a privately owned, financial and management consulting firm with over 70 professionals located in three major offices throughout the United States – Chicago, Houston and Los Angeles. Although Claro Group was formally established in September 2005, many of its professionals and independent contractors have been performing consulting services of the type described in the Engagement Letter for 10 to 15 years. Over the past 15 years, Claro Group and/or many of its professionals have been retained by many Fortune 500TM Companies to assist them in developing and evaluating actual and/or potential environmental exposures.

4. Claro Group’s professionals have worked closely with representatives of the Debtors in connection with prior efforts undertaken by the Debtors, prepetition, to evaluate

potential and/or actual environmental exposures associated with Debtors' historic operations and sites. Accordingly, Claro Group has developed relevant experience and expertise regarding the Debtors that will assist Claro Group in providing efficient and effective services in these chapter 11 cases.

Claro Group's Disinterestedness

5. Claro Group researched its client databases and conducted an internal query of its professionals to determine whether it has any connections with potential parties in interest that might cause it not to be disinterested or to represent an interest adverse to the Debtors. Counsel for the Debtors provided Claro Group with a list of potential parties in interest (the "**Potential Parties in Interest**"), and the categories of Potential Parties in Interest are set forth in Exhibit 1 annexed hereto.

6. To the best of my knowledge, information, and belief, neither I nor any other professional employed by Claro Group has any connection with or holds any interest adverse to the Debtors, their estates, their creditors, the United States Trustee or any other party in interest herein or their respective attorneys in the matters for which Claro Group is proposed to be retained, except as disclosed in Exhibit "2" annexed hereto.

7. Claro Group also may have rendered services to or used the services of, and may continue to render services to or use the services of, certain of the Debtors' creditors, professionals, or other parties in interest, or interests adverse to such creditors, professionals, or parties in interest, in matters wholly unrelated to these cases.² Similarly, Claro Group's employees may have business associations with certain of the Debtors' creditors or other parties

² There may be additional representations which are confidential in nature but in matters wholly unrelated to these cases and not adverse to the Debtors.

in interest in these chapter 11 cases, or interests adverse to such creditors or parties in interest, which associations have no connection with these cases.

8. To the best of my knowledge, Claro Group has not been retained to assist any entity or person other than the Debtors on matters relating to, or in connection with, the Debtors' chapter 11 cases.

9. No outstanding amounts for prepetition services are owed to Claro Group by the Debtors. Therefore, Claro Group is not a creditor of the Debtors.

10. Accordingly, I have determined that Claro Group does not hold or represent an interest that is adverse to the Debtors' estates, and Claro Group is a "disinterested person" as such term is defined in section 101(14) of the Bankruptcy Code, as modified by section 1107(b) of the Bankruptcy Code. If any new relevant facts or relationships are discovered or arise, Claro Group will promptly supplemental its disclosure to this Court.

Scope of Services

11. Claro Group has agreed to assist the Debtors in determining the costs of actual or potential environmental liabilities arising from the Debtors' prepetition, historic operations, as more completely described in the Engagement Letter. Pursuant to the terms and conditions of the Engagement Letter, Claro Group has agreed to provide the following services (collectively, the "**Services**")³ in connection therewith:

- (a) Review the Debtors' existing remedial/environmental and real estate site files, including but not limited to engineering reports, remedial action plans, agency correspondence, financial accounting reserve, site location information, tax records and regulatory financial assurance information and other such information;

³ The following is only a summary of the services set forth in the Engagement Letter and should not be construed to modify or amend such letter. The actual terms of the Engagement Letter govern the scope of services to be provided to the Debtors by Claro Group.

- (b) Evaluate existing regulatory actions associated with the Debtors' sites;
- (c) Assist in the development of potential future costs at site and portfolio levels using appropriate methodologies, including but not limited to probabilistic and deterministic estimating techniques;
- (d) Assist in the review of potential future site use and incorporate into site closure cost estimates as appropriate;
- (e) Report to the Debtors verbally from time to time, and at the Debtors' direction, on the progress of the work and preliminary findings;
- (f) Prepare a final written report on such forms as directed by the Debtors, if requested by the Debtors; and
- (g) Perform such other services as requested by the Debtors from time to time in furtherance of assisting the Debtors in determining the costs of actual or potential environmental liabilities arising from the Debtors' sites.

Compensation

12. Subject to Court approval, the Debtors will compensate Claro Group in accordance with the terms and conditions of the Engagement Letter. Pursuant to the Engagement Letter, Claro Group intends to charge the Debtors for Services rendered in these chapter 11 cases, based on its hourly rate for such Services, which currently is as follows:

Professional	Hourly Compensation
Managing Director	\$400 - \$500
Principal	\$330 - \$395
Senior Manager	\$275 - \$320

Claro Group's hourly rates are revised periodically in the ordinary course of its business. The Debtors understand that, if a rate change is effective during the course of Claro Group's engagement with the Debtors, Claro Group will advise the Debtors of such new rates.

13. In addition to the rates set forth above, the Debtors shall reimburse Claro Group for any direct expenses incurred in connection with Claro Group's retention in these

chapter 11 cases and the performance of the Services set forth in the Engagement Letter. Claro Group's direct expenses shall include, but not be limited to, reasonable and customary out-of-pocket expenses for items such as travel, meals, accommodations, and other expenses specifically related to this engagement (including any fees or reasonable expenses of Claro Group's legal counsel, but not any such legal fees or expenses related to Claro Group's efforts to be retained or to Claro Group's fee applications in these chapter 11 cases).

14. The compensation arrangement provided for in the Engagement Letter is consistent with and typical of arrangements entered into by Claro Group and other environmental management and consulting firms with respect to rendering comparable services for clients similar to the Debtors, both in and outside of bankruptcy.

15. Claro Group has not shared or agreed to share any of its compensation in connection with this matter with any other person, as permitted by section 504 of the Bankruptcy Code.

16. Claro Group will file interim and final fee applications for allowance of its compensation and expenses, with respect to its Services, and Claro Group will seek compensation and reimbursement of expenses, as specified in the Engagement Letter, with the payment of such fees and expenses to be approved in accordance with the procedures set forth in sections 330 and 331 of the Bankruptcy Code, applicable Bankruptcy Rules, Local Rules and orders of the Court, guidelines established by the U.S. Trustee, and such other procedures as may be fixed by order of this Court.

EXHIBIT B

(Engagement Letter)

**GENERAL MOTORS CORPORATION
ENVIRONMENTAL CONSULTANT RETENTION AGREEMENT**

1. Definitions

Agreement

Will be defined as this Retention Agreement and all exhibits attached hereto.

Bankruptcy Court

Will be defined as the United States Bankruptcy Court for the Southern District of New York (together with the District Court for the Southern District of New York, where applicable).

General Motors Corporation, Debtor In Possession

Will be referred to as "GM."

Effective Date

Regardless of when this Agreement is fully executed by all Parties, the terms and conditions of this Agreement are effective as of June 10, 2009.

Consultant

Will be defined as the Consultant or entity performing work pursuant to this Agreement, and includes its officers, directors, employees, agents, successors and assigns.

Subcontractor

The term Subcontractor will be defined as any consultant, engineer, contractor, firm or company retained by the Consultant to perform the work contemplated herein, provided, however, that the Consultant shall continue to remain responsible for the performance of said work.

Work

Will be defined as the services to be performed by the Consultant pursuant to this Retention Agreement, as provided on Exhibit A ("Scope of Work") attached hereto, and Consultant agrees to provide the personnel, supervision, labor, materials and equipment required for the performance of said work or services.

2. Acceptance

Consultant has read and understands this Agreement and agrees that Consultant's written acceptance of, or commencement of, any work or service under this Agreement shall constitute Consultant's acceptance of these terms and conditions only. All terms and conditions proposed by Consultant which are different from or in addition to this Agreement are unacceptable to GM, are expressly rejected by GM, and shall not become a part of this Agreement.

3. Project Control System

At the request of GM, Consultant agrees to prepare and submit a project memorandum, in a form to be provided by GM, which is designed to present the work to be performed in a common format, including a common invoice and schedule tracking document.

4. Schedule

A completion schedule for key activities shall be mutually determined so actual progress can be compared with scheduled progress. Therefore, additional time required to meet the original schedule will not be performed at GM's expense unless the original scope of work is revised at GM's request.

5. Changes

GM reserves the right at any time to direct changes, or cause the Consultant to make changes, to drawings and specifications of the work or to otherwise change the scope of the work covered by this Agreement, and Consultant agrees to promptly make such changes. Any difference in price or time for performance resulting from such changes shall be equitably adjusted by GM after receipt of documentation in such form and detail as GM may direct. No changes shall be effective without a written description of the changes approved in writing by GM.

6. Payment

Consultant agrees: (a) to promptly render, after performance of services, correct and complete invoices to GM. Subject to Bankruptcy Court approval, the payment date shall be within thirty (30) days from the date of receipt by GM of a correct, full and complete invoice.

GM may withhold payment pending receipt of evidence, in such form and detail as GM may direct, of the absence of any liens, encumbrances or claims on the work or services performed under this Agreement.

7. Force Majeure

Any delay or failure of either party to perform its obligations hereunder shall be excused if, and to the extent that it is caused by an event or occurrence beyond the reasonable control of the party and without its fault or negligence, such as, by way of example and not by way of limitation, acts of God, actions by any governmental authority (whether valid or invalid), fires,

floods, windstorms, explosions, riots, natural disasters, wars, sabotage, labor problems (including lockouts, strikes and slowdowns), inability to obtain power, material, labor, equipment or transportation, or court injunction or order; provided that written notice of such delay (including the anticipated duration of the delay) shall be given by the affected party to the other party within five (5) days. During the period of such delay or failure to perform by Consultant, GM, at its option, may procure the services hereunder from other sources and reduce its schedules and payment items to the Consultant by such amounts, without liability to the Consultant. If requested by GM, Consultant shall, within five (5) days of such request, provide adequate assurances that the delay shall not exceed ten (10) days. If the delay lasts more than ten (10) days or Consultant does not provide adequate assurance that the delay will cease within ten (10) days, GM may immediately cancel this Agreement without liability.

8. Cancellation Due to Insolvency

GM may immediately cancel this Agreement without liability to GM in the event of the happening of any of the following or any other comparable event: (a) insolvency of the Consultant; (b) filing of a voluntary petition in bankruptcy by Consultant; (c) filing of any involuntary petition of bankruptcy against the Consultant; (d) appointment of a receiver or trustee for the Consultant; or (e) execution of an assignment for the benefit of creditors by Consultant, provided that such petition, appointment, or assignment is not vacated or nullified within fifteen (15) days of such event.

9. Cancellation for Breach

GM reserves the right to cancel all or any part of this Agreement, without liability to GM, if Consultant: (a) repudiates or breaches any of the terms of this Agreement, including Consultant's guarantees or warranties; (b) fails to perform services or deliver reports as specified by GM; or (c) fails to make progress so as to endanger timely and proper completion of services; and does not correct such failure or breach within five (5) days (or such shorter period of time if commercially reasonable under the circumstances) after receipt of written notice from GM specifying such failure or breach. The reasonable extra expense caused by Consultant's failure to perform or complete any outstanding work, together with a reasonable charge for additional engineering, managerial and administrative work as necessary, will be charged to the Consultant and the expense so charged will be deducted by GM out of such moneys as may be due or may at any time thereafter become due to the Consultant. In the event such an expense is in excess of the sum which otherwise would have been payable to the Consultant at the time of Cancellation, then the Consultant agrees to promptly pay the amount of such excess to GM. GM may, in its sole discretion, withhold all or any part of any progress payments otherwise due to the Consultant until completion of the services specified herein.

10. Termination

GM reserves the right to terminate this Agreement upon five (5) days written notice to Consultant. In such event, GM will pay for work performed up to that date.

11. Indemnification

Consultant agrees to indemnify, hold harmless and defend GM, their respective employees, agents, and representatives, from and against any and all losses, damages, expenses, claims, suits and injuries, including death, to any property or persons caused by or arising out of any intentional acts or omissions in connection with the performance of services under this Agreement by Consultant, their employees, agents, successors, assigns and representatives. Consultant hereby agrees to indemnify GM for any taxes, payments or penalties assessed on GM, and expenses incurred in connection therewith, by a state or federal taxing authority for any failure to properly withhold and remit necessary payroll taxes to such authorities with respect to self-employment of Consultant personnel, their employees, or the employment of others. Consultant agrees to comply with all requirements of the Federal Wage and Hour Act regarding hours, rates, etc., and will be held responsible for compliance.

Should GM be joined as a party in any action or proceeding arising out of the violation, or an alleged violation, of the Federal Wage and Hour Law as a result of Consultant's, or any Subcontractor(s) of Consultant performance under this Agreement, then Consultant and/or the Subcontractor violating, or alleged to have violated such law, or using or introducing goods manufactured or alleged to have been manufactured in violation of the law, will defend and hold harmless GM in any such action or proceeding and pay and defray any damage, expense and cost of any description by reason thereof, including reasonable attorneys fees.

Consultant specifically agrees that each of its employees and its Subcontractor(s) possess the experience, knowledge and character necessary to qualify them individually for the particular duties they perform and further, it is understood that GM is relying on the expertise of Consultant and its Subcontractor(s) to perform the services described in Consultant's proposal and/or bid.

Consultant represents and warrants to GM that it understands and accepts the currently known hazards and risks which are presented to human beings, property and the environment in the performance of the services and work hereunder. Consultant represents and warrants that, in performing the work or services, its employees may be working with, or be exposed to, substances or conditions which are toxic or otherwise hazardous. Consultant acknowledges that GM has engaged Consultant on the basis of its representations concerning its experience in working on similar conditions affecting the project site, and that GM is relying on Consultant to identify and evaluate the potential risks in performing work or services hereunder and to take all appropriate precautions to avoid such risks to its employees and others. Consultant agrees to assume full responsibility for ascertaining the existence of such risks, evaluating their significance, implementing appropriate safety precautions, and making the decision on how (and whether) to carry out the work or services with due regard to such risks and necessary safety precautions.

The provisions of this Paragraph 11 shall survive cancellation or termination of this Agreement.

GM agrees to indemnify, save harmless and defend Consultant and its subconsultants, directors, partners, principals and employees from and against any and all liabilities, losses, claims,

damages, suits, actions, judgments, costs, charges, legal fees and other expenses of whatsoever nature or character arising out of or related to the Scope of Work or any use by GM of a deliverable item to be provided by Consultant hereunder, except any of the same arising out of Consultant's gross negligence or willful misconduct, and GM will reimburse Consultant for all reasonable documented expenses incurred by Consultant in connection with any such action or claim.

Under no circumstances shall Consultant be liable for any loss or damage resulting from loss of use, loss of profits or revenues, loss of business opportunity, cost of capital, loss of goodwill, claims of customers, cost of purchased or replacement products, additional production expenses or like items of loss or damage

The maximum liability of Consultant and its subconsultants to the GM relating to the Scope of Work rendered under this Agreement (regardless of the form of action, whether sounding in contract, tort or otherwise) shall be limited to the total compensation received and retained by Consultant, or the limits of Consultant's insurance coverage, whichever is greater.

12. Compliance With Laws, Warranty

Consultant represents and warrants that the work and services will be performed in full compliance with all applicable laws, regulations and ordinances and in full conformity with the standards of care and diligence normally practiced by reputable firms in performing similar work. If, during the two (2) year period following completion of or expiration of this Agreement or termination of this Agreement, the Consultant is notified in writing that there is an error as a result of those standards not having been met, the Consultant will, at its own expense, take such corrective actions as may be necessary to remedy the error.

13. Insurance

In addition, Consultant must maintain or demonstrate insurance for Consultant's or Subcontractor's tools, equipment, field offices, materials and other property located at a Project Site.
- f) In the event the work involves construction or remedial construction, equipment installation or demolition activities, Consultant agrees to provide Contractor Pollution Liability (endorsed to provide coverage for all the work performed by or on behalf of GM) -- \$2,000,000 Per Occurrence, \$5,000,000 Annual Aggregate. Said policy will not be limited or nullified due to the fact that a particular Project Site may be a "Superfund" Site subject to the Comprehensive Environmental Response, Compensation and Liability Act. In addition, Consultant must maintain or demonstrate insurance for Consultant's or Subcontractor's tools, equipment, tarpaulins, field offices or construction buildings, employees' tools and clothing, materials and other property which will not become a part of the permanent construction or be consumed on the Project Site.

Said Certificate(s) will set forth the amount(s) of coverage, policy number(s) and date(s) of expiration for insurance maintained by the Consultant. In addition, such Certificate(s) will identify this Agreement in the "Description of Operations" section of the Certificate and will provide that GM will receive thirty (30) days prior written notification from the insurer of any termination or reduction in the amount or scope of coverage(s).

GM must be named as additional insured under all Consultant policies required hereunder except insurance for Workers Compensation and Professional Liability.

GM will maintain property insurance to cover the material and other property delivered to the project site which are to become a part of the permanent construction or are to be consumed on the site in the process of completing the work.

14. Intellectual Property and Confidential Information

Intellectual Property

All work product or material first developed by Consultant personnel in connection with any assignments undertaken on behalf of GM pursuant to this Agreement shall be promptly disclosed to GM and shall become the exclusive property of GM. Consultant agrees to assign to GM all rights that Consultant may have in any work product or material first created by Consultant personnel under this Agreement, except as may be specifically excluded and agreed to by GM and Consultant.

Licenses

No license to any other party, under any trademark, patent or copyright, or applications which are now or may thereafter be owned by such party, is either granted or implied by the conveying of information to that party. At the time of expiration, termination or cancellation of this Agreement, Consultant agrees to deliver to GM copies of all notes, computations, maps, tracings and all other documents and data pertaining to work or services performed hereunder, which material at all times will be the property of GM. In the event GM cancels or terminates this Agreement, the Consultant will deliver all data and records pertaining to this Agreement to GM within ten (10) days of receipt of GM's notification of cancellation or termination.

Any and all documents furnished to Consultant by GM or GM's agents, subcontractors or representatives will not be used on other work and will remain the property of GM.

15. Privileged Information

Consultant agrees to take all actions reasonably required by GM to maintain the privileged status of any such documents or communications.

19. No Implied Waiver

The failure of either party at any time to require performance by the other party of any provision of this Agreement shall in no way affect the right to require such performance at any time thereafter, nor shall the waiver of either party of a breach of any provision of this Agreement constitute a waiver of any succeeding breach of the same or any other provision.

20. Non-Assignment

Consultant may not assign or delegate its obligations under this Agreement without GM's prior written consent.

21. Relationship of Parties

Consultant and GM are independent contracting parties and nothing in this Agreement shall make either party the agent or legal representative of the other for any purpose whatsoever, nor does it grant either party any authority to assume or to create any obligation on behalf of or in the name of the other.

22. Governing law

This Agreement is to be construed according to the laws of the State of New York, notwithstanding the location where it may come up for interpretation, reformation, rescission or cancellation, and regardless of the location of the work. The venue of any action or legal proceeding filed by any party involving this Agreement will be the Bankruptcy Court, notwithstanding the location of the work or controversy.

23. Severability

This Agreement is to be construed according to the laws of the State of New York. If any term of this Agreement is invalid or unenforceable under any statute, regulation, ordinance, executive order or other rule of law, such term shall be deemed reformed or deleted, but only to the extent necessary to comply with such statute, regulation, ordinance, order or rule, and the remaining provisions of this Agreement shall remain in full force and effect.

24. Audit

GM reserves the right to audit and adjust the total payments made under this Agreement. Consultant must segregate its records in such a manner as to facilitate a complete audit and agrees that such audit may be used as the basis for settlement of charges against this Agreement. Consultant further agrees, for this purpose, to preserve all such documents for a period of three (3) years after final payment or acceptance. This right to audit shall also apply to any charges resulting from cancellation for breach or termination. Cancellation or termination charges shall be submitted in sufficient detail, together with adequate supporting information, to facilitate an audit by GM.

25. Conflict of Interest

Client Conflicts

Consultant agrees to limit or restrict the assignment of personnel performing work under this Agreement to avoid the creation of a conflict between the performance goals of GM and the performance goals of a non-GM client.

Personal Conflicts

Upon request, Consultant agrees to request that individual's identified by GM prepare and file with the Consultant a "Conflict of Interest Statement," in form and content as provided by GM, and to provide a copy of all filed statements to GM.

26. Assignment

GM reserves the right to assign this Agreement upon ten (10) days written notice to Consultant with Consultant's consent. Consultant may not assign or delegate its obligations under this Agreement without GM's prior written consent.

27. Health and Safety

In the event the work involves field investigation or remedial action services, the Consultant agrees as follows:

- a) For operating sites (i.e., sites where GM employees are present), the Consultant agrees to prepare and abide by the Site Health and Safety provisions as referenced in the ENCORE “Health and Safety Planning and Operational Guidelines Manual” (November, 2001), and the Health and Safety provisions contained in the “General Motors Construction Terms and Conditions 1638” (April, 2000), including supplemental material relating to clearance for underground utilities. Where these documents are in conflict, the Consultant agrees to immediately notify GM as to the presence of the conflict. However, in no event shall the presence of conflicting provisions prevent the Consultant from preparing and implementing a Site Specific Health and Safety Plan, and to require it’s Subcontractor’s or Subconsultant’s to prepare and implement a Health and Safety Plan.
- b) For non-operating sites (i.e., vacant land, or sites where no General Motors employees are present or operations have been discontinued), the Consultant agrees to prepare and abide by the Site Health and Safety provisions as referenced in the ENCORE “Health and Safety Planning and Operational Guidelines Manual” (November, 2001). Consultant further agrees to require it’s Subcontractor’s or Subconsultant’s to prepare and implement a Health and Safety Plan.
